In the culinary world, a masala refers to a blend of seeds, fruits, roots, barks, or other plant substances primarily used for flavoring, coloring, or preserving food. Originating from South East Asia, particularly India, the term "masala" is synonymous with a mixture of various spices. When our chefs talk about cooking with masala, they are referring to their expertise in skillfully blending these spices to achieve a harmonious balance, ensuring excellence in both taste and presentation. At **Tarunika Foods**, we take pride in elevating your dining experience to unparalleled heights of culinary excellence
